### **Oak Island Beautification**

For the past few years I have thanked this group of people for their hard work and time they devote to this town without looking for any gratification what so ever. I am proud of this group and hope you are also. The Town of Oak Island would like to thank members of The Oak Island Beautification Club for all of their hard work keeping the island looking beautiful. I have experienced first hand this group of volunteers on their own time making our two entrances on the island side of the bridges a visual display of flowers and plants and overseeing these and others for as long as I can remember. If you see these volunteers working, give them a honk while you drive by to say thank you. Thank you for all your hard work Oak Island Beautification Club.
